# Introductory

The Union Directory Company of Anderson, Indiana, takes this opportunity of thanking the good people of Blackford County for their hearty support, encouragement and assistance in making it possible for this company to put out a complete city and county gazetteer of Blackford county.

Every live, up-to-date and hustling city needs a new Directory every two years and Hartford City is in this class and we take pleasure in stating that we will return in due time to compile a new book when needed.

Our Company employs only experienced men, and all work is taken from original information, and no revision of old directories.

We shall solicit your careful investigation, and assure you our next issue will be superior to this, as we are keeping pace, in the Directory business, with fast growing cities, where we publish.

We again desire to thank our patrons and the people of Blackford county, for their assistance, kind treatment and support, both in a financial way and in securing data for this book. Yours sincerely,

UNION DIRECTORY CO.  
Anderson, Indiana.
